

Origin of Birla Carbon's Products

Birla Carbon's carbon black products include all ASTM, BC, CD, Conductex®, Copeblack®, PM, Raven®, and Ultra® grades.

Birla Carbon products are made from feedstocks of mineral origin and are not made from feedstocks of plant or animal origin or from any animal or plant byproducts. Birla Carbon's carbon black products do not contain nor do they come in contact with any of the following:

- Allergens
- Endangered species listed in the CITES Appendices (I, II, and III) - (the Convention on International Trade in Endangered Species of Wild Fauna and Flora) - or the IUCN Red List of Threatened Species.
- Genetically modified (GMO) products or materials

The information presented within this publication is based on Birla Carbon's analysis and the analysis of others. Birla Carbon disclaims all representations and warranties regarding performance or use, express or implied, including implied warranties of merchantability and fitness for a particular purpose. The user is responsible for determining the suitability of any product for a specific purpose and the manner in which the product is used. Before handling, using, or processing any material, always read its Safety Data Sheet.
