Food Contact Materials – Regulation (EC) 1935/2004

Birla Carbon's carbon black products include all ASTM, BC, CD, Conductex®, Copeblack®, PM, Raven®, and Ultra® grades.

Regulation (EC) 1935/2004 establishes a general safety requirement applicable to all possible food contact materials and articles. To the best of our knowledge, all Birla Carbon carbon black products meet the general safety requirements set forth by Regulation (EC) 1935/2004. For more information about specific food contact materials such as plastics, please contact your supplier.

The information presented within this publication is based on Birla Carbon's analysis and the analysis of others. Birla Carbon disclaims all representations and warranties regarding performance or use, express or implied, including implied warranties of merchantability and fitness for a particular purpose. The user is responsible for determining the suitability of any product for a specific purpose and the manner in which the product is used. Before handling, using, or processing any material, always read its Safety Data Sheet.
