## **Independent Auditor’s Report on Review of Interim Financial Information**

### **To the Board of Directors of Birla Carbon (Thailand) Public Company Limited**

I have reviewed the accompanying consolidated and separate statements of financial position of Birla Carbon (Thailand) Public Company Limited and its subsidiary, and of Birla Carbon (Thailand) Public Company Limited, respectively, as at 31 December 2025; the consolidated and separate statements of income and comprehensive income for the three-month and nine-month periods ended of 31 December 2025, the consolidated and separate statements of changes in equity and cash flows for the nine-month period ended 31 December 2025; and condensed notes (“interim financial information”). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, “Interim Financial Reporting”. My responsibility is to express a conclusion on this interim financial information based on my review.

#### *Scope of Review*

I conducted my review in accordance with Thai Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

*Conclusion*

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

**Notes to the condensed interim financial statements**  
**For the three-month and nine-month periods ended 31 December 2025 (Unaudited)**

These notes form an integral part of the interim financial statements.

The interim financial statements issued for Thai regulatory reporting purposes are prepared in the Thai language. These English language financial statements have been prepared from the Thai language statutory financial statements and were approved and authorised for issue by the Company's Board of Directors on 12 February 2026.

**1 Basis of preparation of the interim financial statements**

The condensed interim financial statements are presented in the same format as the annual financial statements together with notes to the interim financial statements on a condensed basis ("interim financial statements") in accordance with Thai Accounting Standard (TAS) No. 34 *Interim Financial Reporting*, guidelines promulgated by the Federation of Accounting Professions and applicable rules and regulations of the Thai Securities and Exchange Commission. The interim financial statements focus on new activities, events and circumstances to avoid repetition of information previously reported in annual financial statements. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company and its subsidiary for the year ended 31 March 2025.

In preparing these interim financial statements, judgements and estimates are made by management in applying the Group's accounting policies. Actual results may differ from these estimates. The accounting policies, methods of computation and the key sources of estimation uncertainty were the same as those described in the financial statements for the year ended 31 March 2025.

**5 Segment information and disaggregation of revenue**

The internal operating performance information regularly reviewed by the Company's management is presented on a fully aggregated basis. The management does not review any disaggregated operating performance information. As a result, the Company identifies the overall entity as one operating and reporting segment.

The single segment's performance is measured based on profit before depreciation, interest and tax, as included in the internal management reports that are reviewed by the management.

*Geographical segments*

The Company operates manufacturing facilities and sales offices only in Thailand. Timing of revenue recognition is at a point of time.

In presenting information on the basis of geographical information, revenue is based on the geographical location of customers.
