

BIRLA CARBON AWARDED GOLD RATING FOR THE FOURTH CONSECUTIVE YEAR BY ECOVADIS

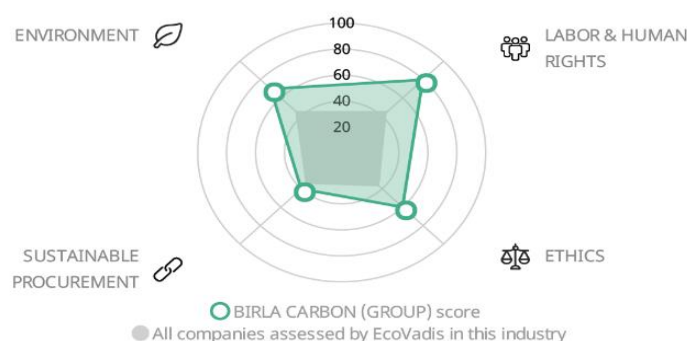

Birla Carbon has been awarded a **Gold** level rating for sustainable practices, for the fourth consecutive year by EcoVadis. Birla Carbon was recognized as an advanced practitioner of Sustainability. The rating was awarded after EcoVadis reviewed Birla Carbon’s sustainability reporting standards and practices, based on Birla Carbon’s seventh sustainability report, [Evolving, Sustainably Together](#).

With the gold ranking, Birla Carbon continues to be in the top 1% companies in the ‘Manufacture of other non-metallic mineral products’ category.

Overall, Birla Carbon is in the top 4% of all suppliers assessed.

EcoVadis assessors continue to recognise Birla Carbon’s progress and efforts in sustainable reporting and the EcoVadis score and assessment is made available on the [EcoVadis](#) website.
